Re: Ex Parte Contact  
In the Matter of AT&T Corp. v. Sprint Spectrum d/b/a Sprint PCS, WT Docket No.  
01-316

Dear Ms. Dortch:

On Wednesday June 26, 2002, I had a telephone conversation with Tamara Preiss, Chief of the Wireline Competition Bureau's Pricing Division, to discuss issues related to the foregoing proceeding. I reiterated AT&T's view that the Commission should deny Sprint's petition to permit it to selectively avail itself of regulation in order to recover access charges and grant AT&T's petition for declaratory ruling that the traditional bill and keep regime should be maintained for wireless minutes until such time as the Commission examines the wisdom of changing that regulatory structure in the context of the inter-carrier compensation proceeding. Alternatively, the Commission should rule that only express agreements are permitted in this environment otherwise the Commission will almost certainly be forced to determine the reasonableness of cellular carrier access rates and thus be forced to regulate those charges.

The positions expressed were consistent with those contained in the Comments and ex parte filings previously made in that proceeding. One copy of this Notice is being submitted for each of the referenced proceedings in accordance with the Commission's rules.

Very truly yours,
